

2025 SIGNATURE EVENTS

Our signature event sponsorships offer a unique opportunity to support cutting-edge research, foster industry innovation and connect with leaders in biotechnology.

THANK YOU

Thank you for considering our request for partnership with your company. Sponsoring our signature events provides you with the unique opportunity to support the scientific community as well as the larger hepatitis B research community.

Each of our three signature events reaches a different key audience and provides an avenue to showcase your company to potential clients, vendors and employees. We are grateful for your consideration in helping us continue to move our mission forward with your support.

To purchase sponsorships or learn more, contact Alaina Schukraft at Alaina.Schukraft@hepb.org or (215) 249-7355

DONATION IMPACT

The Hepatitis B Foundation has been the primary source of information and support for people living with hepatitis B for more than 31 years!

Your gifts help to:

- Perform informational consults for almost 10,000 people every year!
- Direct people living with hepatitis B and liver cancer to clinical trials.
- Test over 13,000 people a year for hepatitis B through our Hep B United Coalition.
- Advocate for increased awareness of hepatitis B in our nation's capitol.

The Blumberg Institute is the research arm of the Hepatitis B Foundation, responsible for fulfilling the promise of finding new therapies and improved methods of detection for chronic hepatitis B and liver cancer.

Your support goes a long way to help Blumberg Scientists do amazing things, including:

- Cutting-edge research for a hepatitis B cure, including SVP Inhibitors, CRISPR CAS, cccDNA, STING agonist, and interferon technologies.
- Breakthrough work on biomarkers for detection of liver cancer and other liver diseases, including non-invasive techniques!
- Development of two drugs that are currently in clinical trials due to the work of the Blumberg Institute!

The Pennsylvania Biotechnology Center (PABC), one of the nation's most successful life science incubators, has nearly 100 member companies and is home to about 50 companies.

Your gift helps make scientific history:

Partnering with the other nonprofits, the PABC has a unique culture of collaboration between scientists, entrepreneurs, academics and public health.

- Therapies, cures and medical devices ranging from oncology, to arthritis, to regenerative medicine are being developed.
- The PABC and Blumberg Institute together host academic programs ranging from high school to post-doc!
- The PABC boasts a "Wall of Fame" with eight scientists who have invented FDA-approved drugs!

OUR EVENTS

Pennsylvania Biotechnology Center Golf Outing

The Annual Golf Outing is a great way to mix and mingle with industry leaders while enjoying a competitive and fun day at Jericho National Golf Club in New Hope.

LET'S GET CONNECTED!

We appreciate your thoughtful consideration of being one of our signature event sponsors. By sponsoring our signature events, you gain a unique opportunity to support the scientific community within the Greater Philadelphia area and the broader hepatitis B research community.

Each of our three signature events engages a distinct audience, offering a valuable platform to highlight your company to potential clients, vendors and employees. We are grateful for your support and look forward to the opportunity to advance our mission together.
